

Neuroscience Regularly Scheduled Series

Topic: Panic, Separation Anxiety, Suffocation False Alarms and Endogenous Opioids: How panic research can inform clinical neurology.

Speaker: Maurice Preter, MD

Date: 5/21/2013

Time: 8:30-9:30 AM

Location: 2nd Floor Achelis Conference Room

Learning Objectives: Upon completion of this session, participants should be able to:

- 1) Understand research on panic and separation anxiety
- 2) Be able to apply the research findings on panic and separation anxiety to neurology practice.

Target Audience: Neurologists, Neurosurgeons, Neuropsychiatrists and Neuroradiologists

CME Accreditation:

North Shore-LIJ Health System is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation

The North-Shore LIJ Health System designates this live activity for a maximum of **1 AMA PRA Category 1 credit**™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Disclosure Policy: North Shore-LIJ Health System adheres to the ACCME's New Standards for Commercial Support. Any individuals in a position to control the content of a CME activity, including faculty, planners and managers, are required to disclose all financial relationships with commercial interests. All identified potential conflicts of interest are thoroughly vetted by North Shore-LIJ for fair balance and scientific objectivity and to ensure appropriateness of patient care recommendations.

Planner and Speaker's Disclosures: Dr. Preter has nothing to disclose.

Recognition of Program Support: An announcement of program support will be made to all attendees at the beginning of each Regularly Scheduled Session
